CVPDC Is Now Distributing Directories

The Central Virginia Planning District Commission is now distributing a Regional Directory/Brochure package to interested citizens throughout Central Virginia. The package will help familiarize residents with the Commission's purpose, and with elected and appointed officials serving localities in the planning district.

The brochure, entitled "Planning for a Purpose," states the basic objectives of the Commission, and describes its role and function in the community. Inserts in the brochure detailing specific programs of the Commission are planned for the future.

The Regional Directory provides the names and phone numbers of elected and appointed officials in the planning district. Local jurisdictions included in the directory are the counties of Amherst, Appomattox, Bedford and Campbell; the cities of Bedford and Lynchburg; and the town of Altavista, Amherst, Appomattox, Brookneal and Pamplin

The directory also gives the meeting times of each of the local governments, local planning commisions and CVPDC; the name, phone number and represented jurisdiction of each commissioner on the CVPDC, and of the Congressman, state senator and delegate(s) representing each locality.

Distribution of the package to all citizens and organizations on the Commission's mailing list is expected to begin early next week. The package will not be sent to others unless requested. This can be done by calling the Commission office at (804) 845-3491, or by writing or visiting the CVPDC at P. O. Box 2526, 2511 Memorial Avenue, Lynchburg, Va. 24501.

MAGIC TRICKS

From The Shari Lewis Magic Club.

Odd Man Out

Divide a deck of cards in half. Have someone pick a card from one half and put it in the other half. Shuffle the half with the "secret" card. Fan the cards out and pick out the "secret" one.

You can learn how to do many tricks like this by reading the secrets on Dixie Magic Tricks Cups for Kids. The secret of this one was that the odd cards, Ace, 3, 5, 7, 9, Jack and King were put together before starting, and the even cards were together. Don't mix them when dividing the deck and the secret card will be the even one in the odd half or the odd one in the even half.
